

Pippin Chair

Combining comfort
and agility with a strong
sustainability agenda

Designed by Lucy Kurrein

naughtone.com

Designed for longevity, this lounge chair is primed for play. It comes with a sophisticated cover that can be removed and changed with ease, while offering tailoring that's a cut above the traditional removable cover. Zip the fabric on and off when necessary, or when it feels good to change it up with any of NaughtOne's wide-ranging colours.

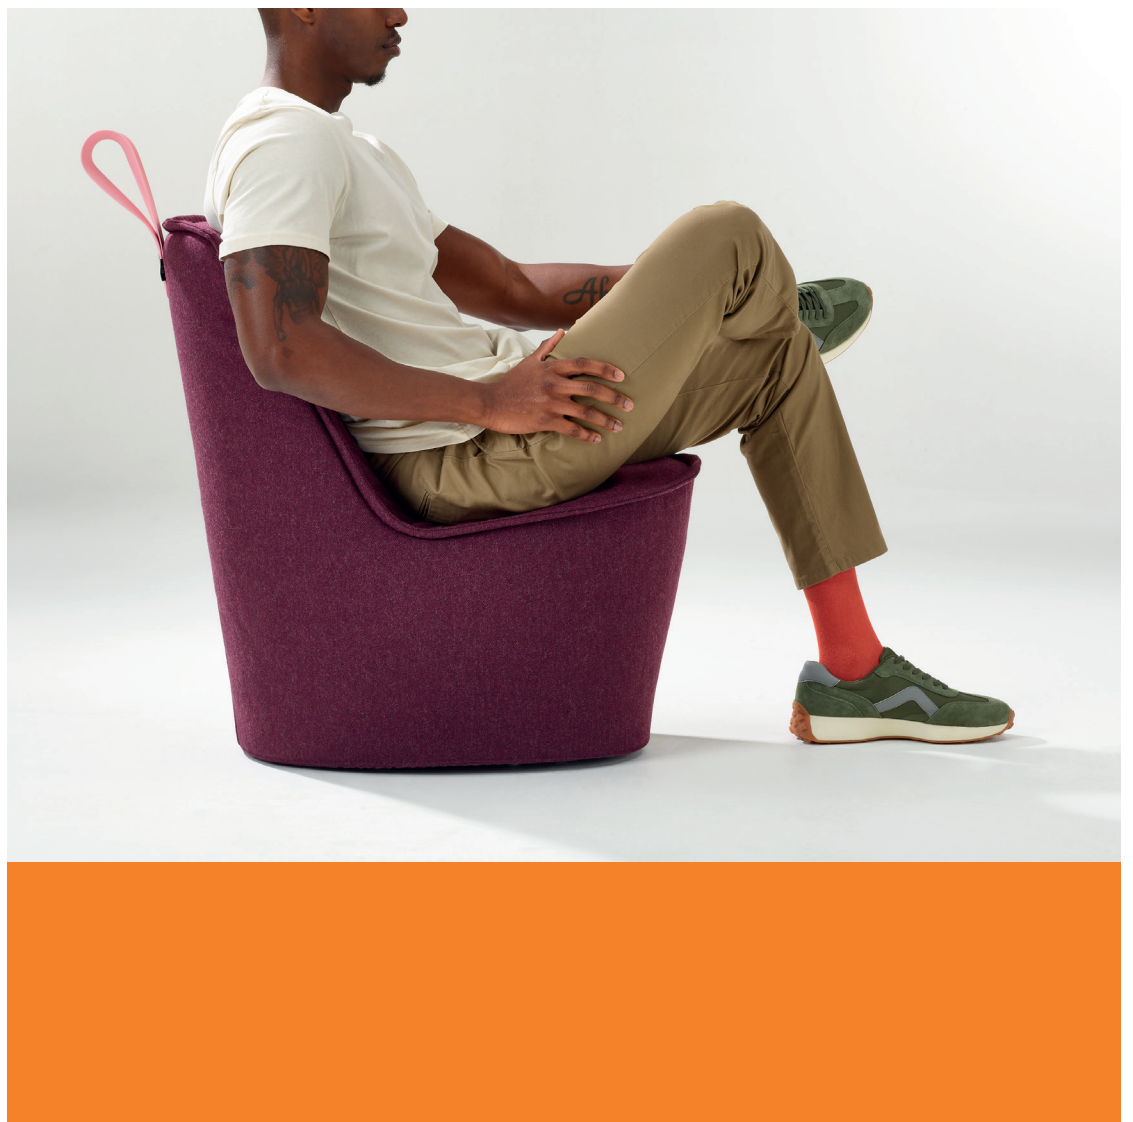

It's clearly made to last, and yet Pippin is also built for the circular economy. Its inner casing is free from glues, and can be completely disassembled when the time comes.

Soft-edged, solid and creating a sense of cupped support, this low-slung chair invites users to stay for a while, bringing people together for inspiring conversations and contributions.

Although it provides all the upholstered comfort and support of a stable lounge chair, Pippin is lightweight and ready to move when it needs to, thanks to wheels and convenient, statement-making strap handle. The recyclable, rubberised strap handle also comes in six colours for that final fun touch.

Pippin is compact, making it the perfect choice for flexible and collaborative spaces of all sizes, and it sits on wheels for easy movement in the moment.

Deliberately free from arms, Pippin is easy to move, twist and turn in group meetings, naturally facilitating connection.

Comfort, style, mobility.

Compliance

- FSC® certified products available upon request (FSC® C134222)
- NaughtOne is FISP and ISO14001 certified
- Our seating is designed to meet or exceed all EN performance requirements per BS EN 16139:2013

Resources

3D visualisation models, 2D DWG and Revit files are available for all NaughtOne products. Download the files from our website www.naughtone.com

All images shown here and many others can be downloaded from the website www.naughtone.com or please request a link to our dropbox account.

Technical Specification

Servicing

If a component is damaged and needs replacing then please email our team with an image of the damaged part and reference your order number, we will be happy to facilitate any replacements.

Warranty

NaughtOne offers a 10-year warranty across all products. Details on the terms and conditions of NaughtOne's warranty can be found at www.naughtone.com/warranty

Flammability

The cold cure foam material has been tested to meet the following standards:
British standard: 5852:2006 Part 2
California Technical Bulletin: 117-2013

The flammability standard of the covering fabric is dependent on the choice made by the customer, details of the flammability rating of specific fabrics can be found on supplier's websites.

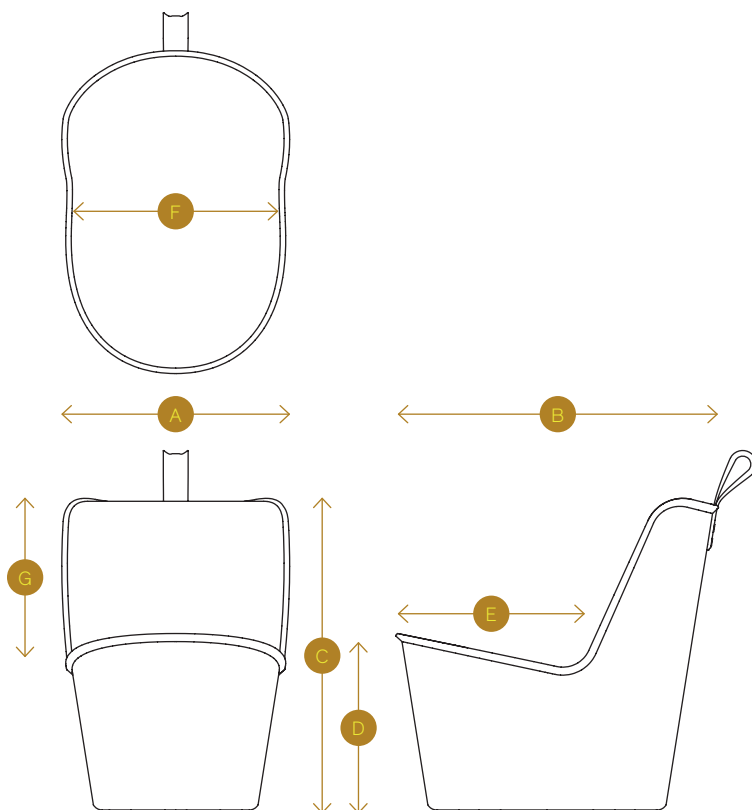

Testing

Our chairs are designed to meet or exceed all EN performance requirements per BS EN 16139:2013, which includes the following tests:

- Seat and back static load test
- Seat front edge static load test
- Vertical static load on back
- Foot rest and leg rest static load test
- Arm sideways static load test
- Arm downwards static load test
- Vertical upwards static load on arm rests
- Seat and back durability test
- Seat front edge durability test
- Leg forward static load test
- Leg sideways static load test
- Seat impact test
- Back impact test
- Arm impact test

Measuring Guide

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

Pippin Chair with Strap Handle.

Product Sustainability Statement

The Pippin Chair is available in a range of options, but for the purpose of this document we have a specific example from the range: Pippin chair with strap handle and castors.

Recyclable Content

Recycled Content

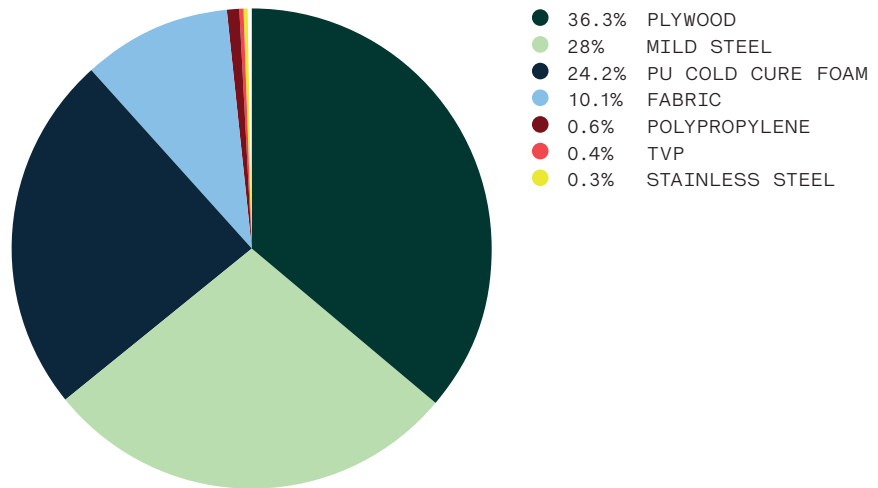

Environmental Attributes

- NaughtOne is FISP and ISO14001 certified
- NaughtOne is FSC® certified (FSC® C134222)
- 22 kg total weight
- 89.9% Recyclable

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications.

CSR Statement

NaughtOne has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to be able to offer FSC® certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, NaughtOne offers a Take-Back Programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.

Pippin Chair

Combining comfort and agility with a strong sustainability agenda

Pippin provides upholstered comfort and support that invites longer interactions but readily moves as and where it needs to. Set on wheels, it comes with a convenient strap handle that facilitates movement while adding a playful touch. Pippin comes with a tailored, zip-on, zip-off cover that gives the chair its sophisticated personality.
